

ORD 0572-68

9 February 1968

MEMORANDUM FOR: All ORD Division Chiefs

SUBJECT : TSD Requirements for FY 1969

1. Attached is a copy of TSD's requirements for FY 1969 to which has been added the division responsible for these requirements and the funds which will be allotted against these requirements. You will recall that the dollar figures were determined by each division chief. These dollar figures are in direct support of TSD requirements, and they may be reduced in the event of a further FY 1969 budget cut.

2. Each division chief will be responsible for insuring that the project officers in ORD coordinate their proposed R&D with their TSD project engineer counterparts prior to initiating a blue book. They will also be responsible for assuring that TSD receives quarterly and annual reports on these projects and visits to the contractors when pertinent. The TSD project engineers, in turn, will be responsible for seeing that the requirements are still valid and for providing necessary operational guidance concerning the end product. The TSD project engineers will also provide reports, briefings and site visits on their projects which are directly related to these requirements.
